Trem discussion it seemed to be a knotty point as to whether the contractor or the agent for the Rederal works, should be compelled to move the obstacles. Councillor Morton said that permission had

been given to Mr. Pearse to use the street, and that there could be no doubt if that gentleman gave the contractor a written order for the removed; of the stone, etc., and held himself responsible for dawage, Mr. Foster

would remove the same at once.

Councillor Gowen was of opinion that the notices served upon Mr. Pearse had not met with proper respect, and since the property owners had chided the Council with being affaid of the Dominion Agent, to show them that such was not the case, he would move that notices be served upon Messrs. arse and Fosier to remore the obstacles within 24 hours from receipt of same, and thauthey be natified that in case of their failing to do so, the Council would take the necessary action at the risk of the Dominion Agent and contractor.

Councillor Kenst said that a mistake had been made in allowing so much of the street -at least two thirds-to be occupied, and

rould be impossible to avoid the obstacles.
The motion was then put and carried A communication was read from the Board

of Delegates of the Victoria Fire D-partment, suggesting an allowance of \$500 per annum to the Chief Engineer, and \$250 per annum to the Assistant Engineer of the Department, by the Corporation, not in consideration of their services, but as an indemnity for the unavoidable and necessary expenses attached to the offices. The Board regretted its into the offices. The Board regretted its incapability to remunerate the officers from its
own funds, on account of its already having
incurred heavy liabilities and not feeling justified in increasing its indebtedness. The
object of the remuneration is to create an incontinuous for members of the Department to
come forward and offer their services to promore the efficiency of the Department. On motion the matter was laid over.
Cormorant and Farqubar streets were reported graded and report adopted.

THE REPORT OF SMALL-POX AT PORTLAND. The Bulleton of Portland is honest enough to admit that there is some ground for the report before alluded to in this journal that the epidemic is abroad in Portland. The following from an article in a late issue of the ten:-"Outside of the city there seems to be an attempt to get up a panic on rumors of small-pox in Portland. It is reported at Salem and other places, we are told, that that the infection is spreading rapidly. All Mr. Valentine rumors of this sort invariably grow as they Puget Sound remore of this sort javariably grow as they travel, and usually on an asce-ding scale in proportion to the distance. There is small-pox in Portland During the past two months so far as we bare been able to learn, four persons have died of the disease. But the number of authenticated cases now in the city is small. We cannot ascertain that they exceed eight or nine, and in none of these, so far as we are informed, does the malady pro-mise to prove faral. The prevailing type of the disease is not an aggravated one."

THE CONCERT TO-NIGHT .- The programme fer the concert to be given to-night at which Madame Anna Bishop is the fair beneficiare comprises many gems which have only to be heard to be appreciated. Meyerbeer's song Love" will be given by Madame Bishop; Mt. Wilkie will sag "Loves Request" and Balfe's "You'll Remember Me;" and the beautifu! with one of Litz's best song will fall to the lot of Me, Gottschalk. Mr. Frank Gilder will prove one of the main astractions of the evening, in his splendid piano forte solos, and Madame Bishop will bring the concert to a close with the wonderful musical bouquet comprising the national melodies of E. gland, Ireland, Scotland, France, Germany, Bussia, Italy, Spain, and America, all of which will be rendered in the language peculiar to the country from whence they originate. The box office will be open this morning, and a crowded house is expected.

MADANE ANNA BISHOP .- We bear that the well known liberality of Madame Anna Bishop has prompted her to hand a donation to each of several charitable institutions is town in recognition of the bandsome manner in which she has been received by the public of this city. We might suggest that the following are in need of assistance: the Royal Hospital, open to the afficied of all nations, races and creeds; the British Columbia Benevolent Society, ever ready to lend assistance regardless of nationality or religion; and the orphane under the care or the Sisters and the orphane under the care or the Sisters and the orphane under the care or the Sisters and felt no uneasiness.

HOLLOWAY'S OINTHENT.

OLD SORES AND OLD SKIN DISEASES. The seeds of these disorders are effect tually expelled by this penetrating Ungent, not only from the superficial parts, but from the internal tissues likewise.

Any case, even if of 20 years atables, speedily yields to its influence.

Rheumatism, and erysipeles may be overcome by frequently fomenting the affected parts in warm water, drying, and immediately applying this soothing Otatment. The same procedure applies equally well for earing sore throat, diptherries bronchitis, asthma tightness of the chart, and pain in the side, which instant treatment alone prevents degenerating the more serious maladies. The Olutment has the same derivative powers over chest complaints as a blister possesse,

without causing pain or debility, Thousands suffer severely for years from these annoying complaints through false delicacy. Let such purchase a pet of Holloway's Ointment, read the direct tions which accompany it, act upon them to the letter, and they will, without difficulty, succeed in obliterating every vestige of these harrassing allments.

COIDENTAL INJURIES, INPANTILE AILMENTS In cats, bruises, sprains, barns, and scalds, it will be found cooling, sedative and healing. The part effected should be fomented in warm waler, dried gently. and the Ointment should be instantly applied. This purifying Ointment may be safely used in all eruptions, change and other cutaneous affectious to which child-

ren are liable. BAD LEGS, BAD BREASTS, OLD SORES AND

"ULCERS. By rubbing the Ointment round the affected parts, it penetrates to the tivenes beneath, and exercises a wonderful power on all the blood flowing to, and returning from, the diseased part. The inflammation diminishes, the pain becomes less intolerable, the matter thicker, aud a core is soon effected. In all long standing cases, Hollaway's Pills will thoroughly expel all depraced humors from the body.

GLANDULAR SWELLINGS, STIFF JOINTS This class of complaint yields without difficulty to the cooling and anti-inflamma-Tye Chung & Lung tory properties of this famed Ointment It should be well rubbed over the affected parts, after due fomentation with warm ANY NUMBER OF CHINESE FUR- water. It acts by stimulating the absorbents to increased activity, restraining Tea, Rice, Provisions and Chinese Mer- ulceration, and promoting a free and opious circulation in the parts affected. nd hence speedily and effectually ensur

ng a cure. GOUT, RHEUMATISM AND PARALTSIS, Gout and Rheumatism arise from inammation in the parts affected,-to fiect a permanent cure, adopt a cooling tiet, drink plenty of water, take six of these famous Pills night and morning, and rub the Ointment most effectually twice a day hato the suffering parts, and a sure is certain. The paralytic patient chould take about three Pills I wice at week, and let the Ointment be well rubbed into the paralyzed hob! which will. in a very little time, be greatly benefited-indeed many cures have been affect-

ed by this treatment. ERUPTION ON THE SKIN. In this class of complaints, no matter the age, the sex, or the place, or under what name, the lisease may be classified. it may be cured if this Ointment be well rubbed into the system, and Holloway's Pills taken night and morning to purify he blood.

Both the Ointment and Pills chould be wood in the following cases :-Pad Legs Bad Breasts Burns Glandular Swellings Bunions Lumbago Bite of Moschitoes Piles and Sand-Flies. Coco-bay Chiego-foot Chilblains Scalds Sore Nipples Sore-throats Skin-diseases Chapped Hands Scurvy Sore-heads Corns (Soft) Cancers Contracted and Stiff Tumors
